To

The Chief Secretary to the
Dewan of Mysore.

Sir,

In forwarding herewith the marginally noted communications for information and obliging return, I have the honor to state that the funds of the Channapatna Municipality are very small to meet the conservancy charges and the cost of constructing drains &c which are greatly wanting. If the Fort stones which are within Municipal limits be given over to the Public Works department, free of cost, the Municipality will greatly suffer. Some of the stones were sold at 3 Rupees per hundred and at that rate the stones given for constructing Ramanmma Tank, and that to be made

The Exe Engineer the Dy Commr Bangalore District No 3659 dated 29th August 1890 / 1342

on do do No 4965 dated 19th December 190. / 1796

come to a large sum. As the Public Works department wants the stones free. I would beg to solicit the sanction of Government, to appropriate equal amount as would form the sale proceeds from the stones out of the Government share of the Municipal realizations of the Chamapatna Town. The town of Chamapatna stands in need of great improvements with regard to its drainage and this concession by Government will help its improvement materially.

Executive Engineer's Office
Bangalore Division
Bangalore 16th Dec. 1899

The Deputy Commissioner
Bangalore District

Sir,

In reply to your letter no. 1183 of the 2nd instant, anent the old stones of the ruins Fort of Chennapatam for Restoring Mudloor tank, 2no. 120 Closepet Salug, I have the honor to inform you that at the rate (28¾ per 100) asked for the Fort Stones by the Assistant Commissioner, the revetment of the Mudloor tank will cost Rs. 1. 12. 2 per cyd as per details in margin, whereas only Rs. 1. 2. 0 per cyd is allowed in sanctioned estimate, consequently; unless the Fort Stones are given free of charge, they cannot be used for the Mudloor tank, as it is very improbable that Government will accord sanction to the increased rate, which would cause an excess of Rs. 25 45 ¾.

II. Under the above circumstances I request that the Stones may be given without charge, in the same way as has been done for the Ramanmanakere.—

I have the honor to be
Sir,
Your most Obedient Servant

Executive Engineer, BR

E/C

100 Stones = 3½ cyds or nearly 4 cyds.
Dismantling walls and cartage of Stone ___ 0. 8. 6.
Construction of revetment ___ 0. 6. 0.
Total per cyd = 1. 12. 2.

quire out the forbstones of the channa-pabam for the Construction of the Malloor tank. But the people here are willing to purchase the stones at the rate of 23 rupees per hundred and the same may be given for nothing less than that rate.

The town is in much need of improvement and the drainage is defective. Want of fund is a great draw back for improving the town, as the forb is within municipal limits. The Deputy Commissioner will therefore be good enough to sanction the value of the stones to be credited to the Municipality

Mil. 18-87

81. 810

1609
L 1336 & 11/5/1891

To The Dy Commr Bangalore District

His letter no 581 & 3 Jan 91 asking
that the value of the Chennapatna
Fortstones may be given to the Mu-
-nicipality as its resources are poor
and in want of funds for local sanitary
wants.

In reply the Dy Commr is informed
that Fortstones are the property of Govt
& their value cannot be handed over
to the municipality in which the Fort may
be situated -

If the municipality is poor and
deserves that Govt should help it by foregoing
a portion of its share in the Mohatarfa
Revenue, that will be a fit subject for
representation in due course with full
~~particulars~~ Statistics & then the Dy Commr's Report & Can be considered
by Govt on its merits -

By order
